The Legend of the Cave

Tis a legend told long ago
About dark caves far down below,
Where deep within a Wizard dwells,
Bespaking doom and casting spells.
If this lair thou dost uncover,
Four pieces of lion thou must discover.
Only then may you escape
Past the lion that guards the gate.
So heed this warning and beware
Never venture into 'Wizard's Lair'.

Trapped in an underground cave Pothole Pete stumbles across the WIZARD'S LAIR. He had only ever heard the legend of the Cave and knows no more.
